• The applicant, in partnership with the SEA, determines the number and percentage of State LEAs, and the number and percentage of schools across those LEAs, that will develop, support, and expand full-service community schools over the 5-year grant performance period.
Absolute Priority 5: State Steering Committee

Applications under Priority 5 must also identify or establish a State steering committee (which may be a previously existing body) that represents relevant community schools' stakeholders, including educators and other school staff, community school initiative leaders, education union or association designees, family leaders participating in community school programs, community partners such as service providers, early childhood education providers such as Head Start, and community school coordinators from schools already implementing full-service community schools in the State.
