

# Profile of Community School Coordinators

The Community School Coordinator works collaboratively with the school principal, school support staff, community partners, and families to design, develop and/or implement Community School programming, including: family and student support services, health services, enrichment activities including those that occur during the school day, after school and summer, family and community engagement activities, and community sponsorship, partnership, and volunteer infrastructure.

The majority of coordinators have held their current roles for fewer than five years

Most coordinators have an extensive background in education, with over five years of experience.

The vast majority of coordinators are women.

Most Community School Coordinators hold undergraduate degrees; many also hold master's degrees.
